- "Due to the varying kinds of food and different environmental conditions the puppies come in contact with; and the fact that all puppies have immune systems that take time to mature, the terms of this guarantee will not be honored unless they are given NuVet Plus® immune system builder, as directed by the manufacturer, for the entire guarantee period. Failure to do so will render this guarantee null and void except where prohibited by law. We also highly recommend you continue to give your pet NuVet Plus beyond the guarantee period to promote optimal health for a lifetime."

This guarantee does not cover common health problems that effect the breed, such as but not limited to:

If your vet advises some preventive measures that are NOT taken, breeder is not liable for any health issues arising from this failure to follow vet's orders.

Seller will not be responsible for any medical expenses incurred. In the event of a catastrophic illness/injury requiring immediate euthanasia of the puppy, buyer should have an autopsy report and all accompanying vet paperwork sent to breeder. Any puppy being returned to the breeder in agreement with the breeder and buyer will be done so at the buyer's expense.

There is no guarantee that the buyer can show or breed this puppy. Any physical problem which is or could be the result of injury is not covered under this contract. This guarantee applies to the original buyer only, it is non--transferrable. This contract is null and void if the terms and conditions are not fulfilled. It is understood by buyer that weather is a hindrance on the breed and the breed is an inside pet.
